Bell Direct ViewPoint quick start guide

Contents

- 1. Accessing ViewPoint
- 2. <u>Preset worksheet layouts</u>
- 3. <u>Amending and Creating worksheets</u>
- 4. <u>Highlighted Widgets</u>
- 5. <u>Other ViewPoint features</u>
- 6. <u>Contact us</u>

Accessing ViewPoint

To access ViewPoint, click on the icon that you currently use to access webIRESS. ViewPoint will then load in your browser.

- (
	iress
	webIRESS

Preset worksheet layouts

When you first access ViewPoint, you will be presented with a preset display to help you get started:

There are a selection of other preset templates for you to use. To access these, click on + New to add a new worksheet:

belldirect	t >		C	Search Al	I					
Watchlist	×								× + New	
•		Quote (Bl	HP.A SX				•		Security	nformation (BHP.ASX)
	BH	P.ASX						BHP.A	sx Add	new worksheet

Click on Add a template:

And choose a template to apply:

Choose Template Choose from ready-made	worksheet templates, to help you get started.		×
Search	× AU - Market	AU - Security	Security Info
All Analysis	worksheet layout	Templated worksheet layout	Templated worksheet layout
Market Data			

Amending and Creating worksheets

You can amend any of the existing preset worksheets. Your layout will be saved when you log out of your ViewPoint session and will load from where you left it the next time you access ViewPoint.

ViewPoint allows you to create multiple worksheets and easily switch between them.

belldirect >		Q.	Search All						
Watchlist 🗙	Orders	× Se	curity View	×	×	Worksheet 4	×	×	New

Clicking on the in the top right of each widget, gives you several options to change the displayed widgets:

Market Depth (BHP.A	SX): Consolidate	d View		0 / 2 ⊖ ⊡ ≛ × ≡	Market Depth (BHP.ASX): Consolida	te

If you don't want to use one of the preset templates, you can start from a blank slate and create your own worksheets using the Add a Widget and Divide your screen options.

Highlighted Widgets

Buy OrderPad: prepopulates your order pad with a buy instruction.

Sell OrderPad: prepopulates your order pad with a sell instruction.

Open Orders: track outstanding orders.

Portfolio: view your portfolio holdings.

Available Balance: displays current trading funds available.

Buy OrderPad	Sell OrderPad	Open Orders				
Buy OrderPad	Sell OrderPad	Open Orders				
Portfolio	Available Balance					
Portfolio	Available					
	Balance					

Charts: gives you access to a wide range of indicators and drawing tools.

Charts can also be saved for later use.

Watchlist: enables you to create a customised watchlist.

If a news item has been recently released that relates to one of the security codes in your watchlist, an icon will display next to that security code. Clicking on the icon will bring up the relevant news item for you.
